- nl** Het montagevlak van de douchewand moet waterpas zijn.

ANSCHLAG / STOP / ARRÊT / STOP

de Bei der Duschkabine gibt es einen "Anschlag". Als Anschlag wird die Seite bezeichnet, an der die Türscheibe an die Wand montiert wird.

Es gibt zwei Arten von Anschlägen: Anschlag links (a) und Anschlag rechts (b).

In dieser Montageanleitung wird der Aufbau "Anschlag links" dargestellt. Die Montageschritte für Anschlag rechts sind dann spiegelbildlich durchzuführen.

en Every shower enclosure has a "fixation side". The "fixation side" is the side where the door panel is mounted on the wall.

There are two possible fixation sides: fixation on the left (a) and fixation on the right (b).

This assembly instruction describes an assembly with "fixation on the left". The assembly steps on the right are then to be carried out in mirror image.

fr Chaque cabine de douche a une "côté de fixation". Le "côté de fixation", c'est le côté sur lequel la vitre de la porte est montée sur le mur.

Il y a deux côtés de fixation possible: fixation gauche (a) et fixation droite (b).

Cette notice de montage montre un montage avec "fixation gauche". Les étapes de montage à droite doivent alors être effectuées à l'envers.

nl Bij elke douchewand is er een "montagezijde". "Montagezijde" is de zijde waaraan het deurpaneel aan de muur is bevestigd.

Er zijn twee soorten montagezijden: montagezijde links (a) en montagezijde rechts (b).

Deze montagehandleiding toont de montage "montagezijde links". De assemblage stappen aan de rechterzijde moeten dan in spiegelbeeld worden uitgevoerd.
